We Pursue and achieve goals by standing up for what is ethically and morally right, staying honest, and fulfilling commitments and promises

Through innovative research and community-based programs, we identify and support the hopes and dreams of children.

We collaborate with local communities, governments, businesses, educational, medical, and religious institutions to create opportunities that inspire hope and personal growth.

THANK YOU LETTER FROM ONEHOPECHILDREN

We cannot forget to shout out to our dearest friends and family from another country.

Mr. & Mrs. John and Rebecca Jordan. John and Rebecca expressed their true and deep love last Christmas, an expression which they conveyed to us through their wonderful and admirable hand written Christmas wishes and greeting cards. Indeed that write up will remain evergreen and memorable in our hearts. We really appreciate.

One hope family has made it possible that we are in contact with you. Honestly, your generosity towards us is greatly changing our lives positively and recreating our world. We have come to realized that helping humanity outweighs every other thing. Therefore, we are promising to follow your inspirational footsteps, showing love and sharing with the less privilege as much as we can.

We love you John and Rebecca, we want you to know that you are greatly dear to us. We really really love you our dearest friends and we are looking forward to meeting you one day personally.

Thank you so much, God bless John and Rebecca.

Be assured of our Prayers.

Thank You
